What This Study Is About

This interview is part of a series of interviews being conducted by Nielsen Norman Group (NN/g), a research company based in the U.S., to learn about your experiences working on Agile projects. Your participation in this interview will help us provide guidance to UX professionals working within Agile teams.

Your Involvement in the Study

In each 60-minute interview, we will ask you questions about your professional experience. With your permission, we will record you on audio and/or video, and we will take notes to document your comments.

Your Participation Is Voluntary

You may take a break or leave the interview at any time without giving a reason. You may also withdraw from the study after the session by contacting the researcher.

Incentive for Participation

For participation in this interview, you will be compensated with _____.

How We Will Use Interview Data

Other NN/g researchers may join your interview to observe your responses. They may also view session recordings or notes in the future.

We may publish research reports, articles, or training content that includes your anonymous comments and experiences shared. If information from the interview is used for any reason, NN/g will not provide any details which would allow any third party to identify you, nor will it use this information in any way that can be damaging to you.

Storage of Personal Information and Session Data

We will store and process your personal information and session data until we deem the content no longer necessary for the research purposes outlined above. This data can include your name, email address, and phone number.

If you want to withdraw your consent in the future, contact the primary researcher listed below, who will destroy any data collected as part of this research.

Your Consent

I give my consent for (please check all that apply):

- ☐ People to observe me during the research
- ☐ The session audio to be recorded
- ☐ The session video to be recorded
- ☐ NN/g researchers to view session recordings and documentation containing my information for research and analysis purposes
- ☐ NN/g to use interview data in articles, reports, and training content
(I understand that I will not be identified in the reporting of this research.)

Your Agreement to Participate

I hereby consent to participate in this study and for NN/g to collect and use data as agreed upon by me and outlined above. I agree with the related storage of my personal data, including my name, email address, and phone number by NN/g researchers. I am aware that I may withdraw my consent at any time.
